DAYTON HONORS LEADING CITIZEN

Governor Cox Acclaimed In Great Demonstration Staged By Thousands.

Business Suspends and Part Of Day Is Turned Over to Rousing Welcome.

(By Associated Press.)

Dayton, O., July 30.—Choice of their fellow citizens, Governor James M. Cox, as the Democratic presidential nominee was acclaimed today by residents of Dayton and other portions of the Miami Valley.

They were joined here by thousands in a non-partisan homecoming demonstration to their distinguished native son. A civic parade at 2:30 o'clock was the main feature of the celebration.

Hours before the parade, crowds lined the streets. Today was a half holiday throughout virtually all of Dayton. Stores, factories, banks and public offices were ordered closed at noon.

Middletown, Hamilton and other Miami valley regions where Governor Cox lived part of his life sent large delegations.

So that newspaper employees could march in the parade, Governor Cox's plant issued only an early edition. The celebration was the only break scheduled today in the Governor's preparation of his speech of acceptance.

CANTU SEVERS COMMUNICATION

(By Associated Press.)

Canton, O., July 30.—"You're the wrong man," two armed men told Lawrence Ayelore, 26, early this morning after they had fired three bullets into his body at close range, seriously wounding him.

Ayelore was on his way home from work when attacked. His assailants escaped.

LIQUOR RAIDS IN THE EAST

(By Associated Press.)

New York, July 30.—Extensive liquor raids staged late yesterday in Newark and Jersey City by nearly 100 federal agents were followed today by seizure in the Bronx of whiskey valued at \$115,000, according to announcement of prohibition enforcement agents.

Twelve Cents Per Bushel Break Follows Breaks in Foreign Exchange and Rumors Of Exporters Withdrawing

Talk of Lower Food Predictions Of Increased Wheat Movement Have Effect.

December Deliveries Fall To \$2.21 and March to \$2.22 3-4

(By Associated Press.)

Chicago, July 30.—Acute depression re-occurred today in the wheat trade and more than 12 cents a bushel break in values was witnessed as a result of scarcity of buyers.

At midday, the December delivery in which most of the trading centered, had fallen to \$2.21 as against \$2.33 3/4 yesterday.

March dropped 1 1/2 to \$2.22 3/4.

Breaks in foreign exchange rates together with reports that the British Royal Commission had pulled out of the market until next Wednesday or later were among the bearish factors.

Talk of lower food prices by a leading banker here and predictions in other quarters that the movement of the wheat crop would double in volume next week also attracted attention.

WALSH PLEDGES SUPPORT TO COX

(By Associated Press.)

Dayton, July 29.—Governor Cox today was pledged the vigorous and unqualified support of Senator David I. Walsh, of Massachusetts, a leader among Senate Democrats who differed widely from the administration on the league of nations and who fought for reservation.

Senator Walsh arrived here unexpectedly today and was Governor Cox's guest at dinner before leaving for the East. Senator Walsh said he had not learned Governor Cox's position regarding reservations adding that he had not come here to discuss or advise with the candidate.

Even should he and Governor Cox differ on the league, Senator Walsh said he still would support the Governor enthusiastically.

To a query as to whether he approved the statement of President Wilson and Governor Cox after the White House conference, Senator Walsh declined to answer.

The Senator declared that he still favored league covering reservations and would never vote for the league without reservation to article ten.

SENATOR HARDING HAS A FULL DAY

Marion, O., July 29.—Subjects ranging from the political outlet in Ohio to the internal troubles of China were canvassed by Warren G. Harding today in a long work day crammed with conferences.

The first conference of the day was with forty Chicago business men. They were accompanied by Ferd W. Upham, of Chicago the national committee treasurer, who later outlined in detail the plan perfected in Chicago for raising a campaign fund by popular subscription.

Ohio's situation was discussed by Senator Harding with George H. Clark, chairman of the Republican State Advisory Committee.

Third Clash in Three Weeks At Youngstown Results Fatally To One Lawless Negro

Shooting Occurs When Sheriff And Deputies Respond To Summons.

(By Associated Press.)

Youngstown, O., July 30.—An unidentified negro was killed and deputy sheriff W. A. Fisher was shot through the left side and right hand in a clash between negroes and county officials at stop 14, Sharon Line, outside the city limits late last night. Fisher will recover.

Sheriff Morris with Deputy Fisher and Constable Riff were answering a call from farmers on the Sharon Line who reported eight negroes were terrorizing the vicinity when the shooting occurred.

No sooner had the Sheriff's auto come to a stop when the negroes began firing. This was the third clash in as many weeks between negroes and authorities here.

Woman Manager Issues Statement Saying Mystery Of Success Will Remain Secret

(By Associated Press.)

Boston, Mass., July 30.—Chas. Ponzi, who claims to have amassed millions within a few months, and who has paid to the public large profits on their investment in his deals in international exchange, appeared today almost to have satisfied question among his investors as to his solvency.

Only a short line formed before the payment window of the Ponzi office today.

The amount paid out by Ponzi since the run began Monday was estimated by his manager, Miss Lucy Meli, at \$1,500,000.

"And we have twice as much money right here in Boston as Mr. Ponzi owes so there is no need of anyone being nervous," she added.

The run of frightened investors, Miss Meli said, meant more money in the already bulging pockets of Ponzi.

"Their money has been working for us all this time and Mr. Ponzi now can keep the 50 percent profit which would have gone to these people."

Federal, state and county examination of Ponzi's books, however, according to Miss Meli, will not solve the mystery of how Ponzi has made his money.

With his ready satisfaction of all demands for payment, question has turned from his solvency to "how does he do it?"

To the statements of Postmaster Patten of New York that there are not enough international postal coupons in the world to build up the fortune which Ponzi claims is his, Miss Meli declared her chief's manner of "cashing in" on his operations was a business secret which government examination of his books would not show.

LECTURES PARENTS OF BOY SMOKERS

Although no arrests were made in connection with the mysterious fires on Gregg street recently, and no direct evidence was obtained indicating that any certain person kindled the fires, Deputy State Fire Marshal Pemberton, who, with Fireman Jack Wolfe, conducted an investigation in the matter, found that two or three small boys of the immediate locality had been in the habit of secreting themselves in coal sheds and other outbuildings and smoking cigarettes.

Deputy Pemberton called some of the parents of the boys upon the carpet and gave them a sound lecturing on the lack of control over their youngsters and indicated if further complaint were made against the boys, that he would endeavor to have them taken to a place of correction.

Deputy Pemberton left this city for Wilmington, and indications are that the guilty person back of the fires will never be located.

BASEBALL CALENDAR FOR THIS WEEK END

The baseball calendar in Fayette county is almost filled for Sunday with practically every team signed for the Sunday engagement. Interest centers around Sunnyside park for the third meeting this season of the Washington Athletics with the Wilmington Citizens and this contest is the headline attraction on the diamond.

At Jeffersonville the Jeffersonville Tigers clash with Urbana in the second meeting between these two teams. Because of the records of the teams and the fact that Hieronimus is a member of the Tiger squad the odds favor the Tigers for an easy victory.

New Holland and Circleville get together in the next game of importance on the New Holland diamond and fans of eastern Fayette and Pickaway are expecting a fast game.

Milledgeville will be idle this week end but has contracted for a game the following Sunday August 8th, with the Sedalia team. The game is to be played on the Sedalia lot.

MISSING WOMAN AT MADISON MILLS

Soon after the Evening Herald reached Madison Mills, Thursday evening, Aden Jennings of this city received a telephone call from that place stating that his aged mother, Mrs. Mary Jennings, who left her home in this city Monday noon and had not been seen or heard from since that time, was visiting her cousin, Mrs. Jane Van Pelt, near Madison Mills.

When she left the home of her son Monday noon Mrs. Jennings intended going up town, but after going up town is understood to have gone to the home of a friend until Tuesday evening, or Wednesday morning, and then left for Madison Mills, going by train.

The son spent most of Thursday searching for the missing woman. The clean table cloth catches the early grease spot.

WIRELESS INVENTED BY EASTERN YANK

Mahlon Loomis, who lived in West Springfield, Mass., is credited with having sent the first aerial messages in 1865, thus antedating Marconi, who did not begin his experiments until 1895. In 1872 Loomis obtained a patent for his system of aerial telegraphy and would today probably have been heralded as the discoverer of wireless telegraphy if he had been given the proper financial support and encouragement from the public, instead of being ridiculed. As it was, Congress passed the "Loomis aerial telegraph bill" in 1873, appropriating \$50,000 for further development, but the sum never reached Loomis.

Loomis also made successful demonstration of wireless possibilities in 1866 from the peaks of the Blue Ridge Mountains in Virginia, fourteen miles apart. A kite was raised from each mountain with a copper wire attached to a telegraphing apparatus and the message sent by Loomis was received at the other station as though the two had been connected by wires.

Loomis also made successful experiments communicating between vessels in Chesapeake Bay. The vessels were stationed about two miles apart and on each was a telegraph apparatus. Wires were attached to the instruments with their other ends thrown into the water at a moderate depth. Another insulated wire of much greater length was thrown into a colder stratum of water. These two strata connected with the same battery made a complete circuit.—Detroit News.

BIG SHORTAGE IN GRAIN CARS TIES UP WHEAT

Virtually every grain elevator in Fayette county is experiencing difficulty in obtaining cars for the shipment of wheat, and as a result the flow of wheat to the elevators has been greatly retarded and many farmers, who wished to transfer their wheat direct to the elevator, have been forced to haul long distances to other elevators or to store in their own granaries until the grain car shortage is relieved.

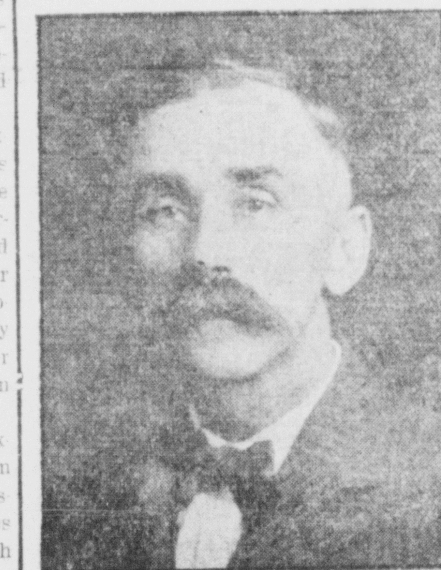

Elevator men state that they have not been able to secure half enough cars to handle the wheat as it came in, and some of the small grain dealers decline to buy on a falling market and be forced to hold the wheat in storage indefinitely and probably take a heavy loss.

Threshing continues to move forward at 100 percent capacity and virtually all wheat reaching the elevators is testing out No. one.

SEND CHILDREN BACK TO HOMES AMONG SOVIETS

(By Associated Press)
Tokio, Japan.—The American Red Cross of Siberia, directed by Dr. R. B. Teasler, of Tokio, has completed arrangements for the transportation of 761 Petrograd school children from Vladivostok to their former homes in Soviet Russia. The children, boys and girls, were expected to embark at Vladivostok for Riga on a chartered steamer, the Yoneli-Mar.

The steamer is a new 10,685-ton freighter and must be refitted to carry 1,100 persons, including the teachers, attendants and Red Cross personnel. The entire voyage via the Panama Canal is expected to require 90 days before the ship is returned to its owners at London and the voyage costing about \$500,000 will bring the outlay of the Red Cross in caring for the children up to nearly \$1,000,000.

The boys and girls are some of the 6,000 children who were sent out of Petrograd in the troublesome times of 1918 and were found scattered in Siberian cities. Most of the others have disappeared—one of the silent tragedies of Russia.

When the Red Cross started to discontinue its work in Siberia, it was decided to return the children to Petrograd in the hope that they might find their former homes.

Yes the statement that we'd rather sell you our service than a new tire is true. You'd be rather surprised at the number of folks who say they like to buy tires and tubes of us, not because of any claim we make for the tires or for any feature of the manufacture recommending them, but because we have "sold them our service," and surely they will not go wrong on the goods we handle.

BRITISH OBJECT TO AMERICAN PLAN FOR BIG MARINE

(By Associated Press)

London. (By Mail)—The Jones Bill characterized as "America's bid for shipping supremacy," is denounced by the shipping expert of the Sunday Observatory as "retaliatory and discriminatory."

He declares that the war has taught other nations the importance of owning a mercantile marine and that jealousy has been aroused throughout the world by the "ability and magnificence" of the British mercantile establishment. "In two countries," he asserts, "in particular, is a feeling of most bitter jealousy against our mercantile marine. These two countries are France and the United States."

The writer declares that there is nothing to which foreigners can object in the principal provisions of the Jones Bill insofar as it is intended to coordinate the transport resources of the United States whether ocean, coastwise or inland shipping railways, ports and docks so as to form one immense undertaking to force American export and import trade into holds of American ships.

He says, however, that some of the clauses of the bill were intended to be discriminatory against Great Britain and Japan. Among these he mentions those which authorize preferential treatment to American vessels in American ports. The insurance provisions of the bill, he says, impose the most drastic forms of returns, "which are based absolutely upon the methods of the German insurance companies, against which America herself protested so bitterly previous to her entry into the war. These have been devised admittedly for the purpose of learning every iota of business transacted by foreign companies with a view to passing the same on to American concerns. The object of course is that, having this information, the government may oust the American company entirely to assist British insurance."

"In the same vein is the clause which waives in favor of American insurance companies, the Sherman anti-trust law. This is entirely on a par with the methods adopted by the Shipping Board during the war

when it transpired the confidential information given to the Shipping Board solely for the purpose of the war was being used to enable American shipping to defeat British shipping after the war.

"We in this country now know that we are to be faced with the most bitter competition for the supremacy of the seas which we have ever had to meet. We are in for a big fight but before American can win the fight she must create a national feeling for a mercantile marine. She must prepare to pay considerably higher freight and insurance rates on all she imports and exports and she must be willing to forgo profits on her shipping enterprises for many years. The person who is most willing to feel the pinch of America's ambitions will be the American exporter."

JAP VESSELS ARE TIED UP

(By Associated Press)

Tokio. (By Mail)—A feature of the economic depression in Japan is the weakness of the steamship charter market. About fifteen large ocean going ships are tied up at Kobe and Osaka and about 50 other ships will soon be released from old charter contracts. Owners will have great difficulty in finding new contracts on account of the slump in the sea-carrying trade.

With the accentuated depression in the shipping market, the price of ships has declined, the present standard quotation being equivalent to \$135 to \$140 a ton. In spite of the decline, there have been no buyers at home for some time past, but some vessels are being sold to Dutch concerns.

PRICE TOO MUCH FOR THE QUEEN

(By Associated Press)

Paris. (By Mail)—The Queen of Rumania taught luxury buying folk a good lesson recently when she entered an antique shop. She picked up an amber statuette and asked the price. "One hundred and twenty pounds," was the reply. "That's too much for me," said the Queen and her daughter Princess Elizabeth, who was with the Queen, added: "They must think we are Americans."

SLOW PROGRESS ON RESURFACING

Slow progress is being made by the Andrews Asphalt Paving Company in the actual resurfacing work on the up-town streets, and it has required a period of several days to lay two squares of the material on Main street.

It is expected that greater headway will be indicated when the Main street paving is finished and the work is transferred to Fayette or Court streets, which are not so wide as Main.

A great deal of repairing of defective work by the company on some of the other streets has been under way for several days.

Villa "Surrenders"

The present de facto government of Mexico has, according to announcements, made peace with Villa—the bandit who, with his followers, has kept Mexico in a turmoil of revolutionary warfare and maintained undisputed control as a bandit chieftain throughout northern Mexico for more than a decade.

The best information obtainable is that the De la Huerta faction has arrived at an agreement with Villa, restoring him to full citizenship in the new republic, relieving the bandit from responsibility for his crimes, agreeing to pay his followers full compensation as "soldiers" and making satisfactory financial arrangements for Villa's future.

So far as Villa is concerned the deal seems to be a good one.

So far as the Mexican government is concerned, the benefits to come from the agreement, are rather doubtful.

So far as the announcements are concerned Villa can at any time, exercising his citizenship and full freedom, break with the government and again resume operations as a bandit.

Under present conditions it probably is more profitable to Villa to join with the government.

We are warranted in fearing that when order is again restored in Mexico, and the opportunity for robbery improves as a consequence, it may be more profitable for Villa to return to the "road work" and that he will not hesitate to do so.

It is well for us not to become too enthusiastic over Villa's "surrender" under the agreement made.

Our Allies—The Birds

The laws of Ohio, coming along one by one, until they resulted in the present code for the protection of the birds, is furnishing substantial proof of the wisdom of those who sponsored them and the real practical benefits that follow in the wake of humanitarian action.

While, of course, the destructive insects have not been entirely eliminated yet the damage to the growing crops has been greatly reduced.

The birds are about the only means man has to successfully combat the insects which would if unchecked practically ruin the growing crops.

Doubtless the insects have their purpose in nature's great plan but unchecked by the birds they would soon cease to be useful and become destructive. Nature, in working out the balances sent the birds to hold down the insect life to its necessary proportions, but man with reckless disregard of nature's plan was destroying that balance by slaughtering the birds and paying a tremendous and an ever increasing penalty in crop shortages each year, due to the ravages of insects until some "dreamer" had a vision which resulted in protection by law for the birds.

Perhaps and Perhaps

Cultured and intellectual Boston is reported to be "quite wild" financially over a new get-rich-quick without work scheme being conducted by an Italian named Ponzi who came here several years ago with total financial resources of two dollars and a half and is now worth millions.

Government and state officials have investigated and, while Ponzi refuses to disclose his exact methods of operation, they find no criminality, thus far, in his operations.

A run of timid investors resulted in their being paid dollar for dollar with heavy interest, as agreed on matured notes. The plan of operation is reported to be manipulating deals in international exchange.

We have had the stock market game a sure thing, the race horse game another sure thing, the provision and grain markets ticker quotations, bucket shops, mining and scores of other sure things in the years behind us, but they have each and every one of them gone wrong with a bang and a crash.

The international exchange market is a new field. Perhaps the man has come who can win all the time and the other fellows lose all the time, but outside of Boston the public is skeptical.

Where J. Rufus Wallingford, Barney Barnato and Ives failed perhaps Ponzi will succeed. Perhaps, and yet—

POETRY FOR TODAY

BALLADE OF A PHILANDERER

Who was it said that romance ever waits
Just a wee bit 'round the corner?
I guess
Adam first said it; quotations and dates
Floore me completely, I frankly confess!
Many a maid in the well known U. S.
Nearly has landed this lad in her net;
Dear are they all to me; nevertheless
I'm in love with the lass I never have met!
Katy is kissable, Ellen elates,
Stella know nothing of a storm or of stress;
Claudia's kisses are sweeter than Kate's,
Clara's a charmer I long to caress;
Beatrice are Beatrice, Bertha and Bees;
Ida—her eyes and her tresses of jet
Though to 'em all I am paying address
I'm in love with the lass I never have met.

Mabel and I would be excellent mates,
Pearl is a prize I'd be proud to possess;
Dishes delectable Cora creates,
Maud is magnificent; teasing is Tess;
Laura's an expert at Loves game of chess
(Often I vow she's my luckiest bet!)
But, though of all I am found to excess,
I'm in love with the lass I never have met.

TWO BIG MEETS AT STATE FAIR

With the date of closing set at August 15th, over 150 men from 16 High Schools of the State have already sent in their entries for the State Fair Track Meet. This list comprises some of the best known athletes in the State and forecasts keen competition. The Amateur Meet however open to the older men, is still in the making. Many of the large Amateur organizations have signified their intention of entering, but few have done so.

Over \$800 worth of medals, cups, and watches will be given away—by far the greatest array of prizes ever offered in a non-professional meet.

Entry blanks and information can be secured by writing to W. D. Griffith, Mgr. State Fair Track Meet, care of Board of Agriculture, Columbus.

In addition to the two cinder carnivals, the National Association of Casting Clubs will hold their annual tournament from September 2nd to 5th inclusive under the auspices of the Columbus Casting Club.

A field of at least 225 entries is expected, reservation having been received from coast to coast. The lake at the Ohio State Fair Grounds will be used. It is 259 by 95 feet in dimension and is an ideal spot for casting. It is fully equipped with portable target, casting platforms and all the necessary equipment.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Flooded with bright moonlight, Oak Lawn Park was again the scene of gay revelry Thursday night, when the Park Management, each member of which belongs to the B. P. O. E., entertained the Elks and their wives.

The big park and its entire equipment was placed at the disposal of the guests, who numbered over two hundred. Park Manager Shrock gave to the entertainment of the guests his personal attention and extended the hospitality of the Park with a cordiality that went far towards the complete success and enjoyment of the evening.

The Elks' social session committee composed of Messrs Arthur Burgett, Glenn Rodgers, Guy L. Linton, Chas. A. Gossard and George Worrell, assisted in the arrangements.

The Washington C. H. band, augmented by the Springfield players gave an exceptionally fine band concert until ten o'clock, when the dance opened with an old fashioned grand march, led by Mr. and Mrs. Charles Browne. The Springfield orchestra furnished spirited music and the dance progressed with increasing pleasure until one o'clock.

During the evening lunch was served in the tea room.

Every one was enthusiastic over the delightful evening and the beautiful park and its splendid management.

Mrs. William Dill was given a very enjoyable surprise party Thursday evening, the guests chiefly of her neighborhood, near Jeffersonville.

Miss Helen Dill promoted the affair and hospitably welcomed the guests at her home.

Mrs. Hays Dill gave an extremely pretty birthday party Thursday afternoon for her cunning four-year old son, Howard Haines. Seventeen little tots trooped around the small host on the beautiful lawn of the country home near Jeffersonville between the hours of three and six.

The large lawn was a mass of bloom, Virginia creepers, Zenias, banks of snow and golden glow.

and festoons of crepe paper gave added color, while suspended from the trees were vari-colored balloons, which were the children's special joy. Thelawn presented a picturesque scene as balloons were loosened and floated down to the eager hands of the tots, who, little fairies in their airy summer frocks, danced merrily after them. Then there were all kinds of out door games and punch and candy on taps all the time. Late in the afternoon summer refreshments were served and favors, masks and whistles created additional merriment.

Mrs. Dill was assisted in entertaining the children by the two grand mothers, Mrs. Frank Dill, and Mrs. Frank E. Haines, Mrs. Lela Creamer, Mrs. Martine Jones, Mrs. Anna Creamer, Miss Beota Haines.

The small host was charmed with a number of birthday gifts showered upon him and thanked the guests prettily.

The children in attendance were Andrew and Eli Craig, Robert Stitt, Martha Ellen Stitt, Ruth and Lillian Schadel, George Robinson Jr., Woldeane Teachnor, Robert, Richard, Hester and Martha Pauline, Ruth Evelyn Creamer, Freda Sinerel, Mary Bell Williams, Wama Martin Straley, Robert Little.

Members of the order Daughters of America motored to Wilmington, Thursday evening to witness the institution of the new council Pride of Wilmington No. 211. Past State Councillor Clara Dick of Shelby, Ohio and State Councillor Carrie R. Faulkner of Xenia presiding.

The initiation of the large class was placed upon the floor in a most impressive manner by Degree Staff and team of Martinsville.

After the institution delicious refreshments were served.

Mr. and Mrs. J. M. Hicks and daughter, Miss Vonna Bernice, motored to London Thursday, Miss Hicks remaining for a couple of weeks visit with relatives and to attend the Chautauqua.

Mr. and Mrs. Eugene Holloway guests Mrs. J. E. Sands, daughter Miss Marion, and Mr. Gustave Albrecht, of Louisville, Ky. Miss Beota Haines and Edward Lewis went to "The Ridge," Friday to spend a week. Mr. and Mrs. Charles Lewis join the party later.

Miss Margaret Reeves, of Columbus is the guest of Miss Jean Howat for the week end.

Mr. and Mrs. Joseph Conard, of Sanberdona, who are enroute from a visit with Mrs. Conard's parents in Pennsylvania, stopped off in this city for a few days with Mr. Conard's nephew, Mr. Lang Conard and Mrs. Conard, going on to New Vienna, Friday for a visit with relatives.

Dr. and Mrs. W. A. Axby of Cincinnati returned Friday to their home after a short visit with Dr. and Mrs. O. D. Maddux. Thursday, Dr. and Mrs. Maddux and guests motored to Columbus, for the Grand Circuit Races.

Miss Lina Willis has as her guest, Mrs. Ed L. Keen, of London, England. Mrs. Keen came to this city from St. Paris, O., where she is spending some time with her brother.

Miss Wilma Hammer is the guest of friends at Russell's Point this week and will go on to Detroit where she will spend another week before returning to her home in this city.

Miss Golda Baughn is an extended stay in Indiana visiting cousins in Brooklyn, Perne, and Rochester.

Mr. and Mrs. Virgil Hunter, of Blanchester, are visiting Mrs. Hunter's parents, Mr. and Mrs. O. D. Armstrong.

Mrs. Helen Buren and daughter, Mary Beach, have returned to their home in Long Beach, Cal., after a visit with Mrs. Noah Baughn and family.

Mr. J. H. Allen left Friday on a business trip of several days to Newark, Mrs. Allen going to visit her daughter Mrs. J. Arthur McCoy, and family in Waynesville.

Mr. and Mrs. Lou Hall, who have been the guests of Sheriff N. B. Hall and wife the past week, motored back to their home in Cleveland, Friday.

Mr. and Mrs. Ed Whelpley, of Delaware arrived in this city Wednesday evening to remain until Friday evening as guests of Mr. Whelpley's mother, Mrs. H. H. Whelpley, and brother Mr. James Whelpley.

Mrs. Nellie J. Hammer left the first of this week for Detroit, Mich., to visit a week with her daughter, Mrs. A. J. Gerster and family. From Detroit, Mrs. Hammer will go to Cleveland to spend a week with her son, Mr. Raymond Hammer and family.

Mrs. William Snider and daughter, Mary Kathryn, returned Wednesday evening from a week's visit in Columbus.

Mrs. Frances Ford, who has been visiting her aunt, Mrs. Thomas Cullen, has gone to Lancaster to spend a few days before returning to her home in Connersville, Ind.

Miss Mildred Brown, of Blanchester is visiting her cousin, Miss Frances Bishop for a few days.

Mr. and Mrs. L. W. Chaffin and son Frank and Mrs. O. E. Fultz spent Thursday at Sulphur Lick Springs.

Mr. and Mrs. William Lappe and son of Newark are guests of Mrs. Lappe's sister Mrs. Fred O. Cline and family.

Mr. William W. Westerfield, who spent the past two weeks with his family here, returned to his home in New Orleans Friday evening.

Rev. and Mrs. C. R. Ferguson and little son arrived home Friday morning from a visit of more than two weeks at the home of Mrs. Ferguson's mother in Independence, Ia.

Miss Lissa Stewart leaves Saturday morning for a visit with her sister, Mrs. Martha Krider in Wharton, Wyandotte County, Ohio.

Mr. and Mrs. W. A. Doty and Mrs. Gton Goldsbury, of Bucyrus and Mrs. Jack Lamber, of Oak Hill have been called here by the serious illness of their father, Mr. Lew Smith.

DEATH OCCURS IN CITY OF FAR WEST

The death of Mr. Frederick H. Schwartz, which occurred in Los Angeles, Cal., last Saturday, has been learned with much regret in this community, the sad word coming to Mrs. Schwartz's sister, Mrs. Frances Schlesinger, in West Court street.

Mr. Schwartz has been in failing health for the past three years and last October left for California in the hope that the change of climate might prove beneficial.

Mr. Otto Schwartz, of Chicago, an only son, was summoned to his father's bedside several days before his death.

Mr. Schwartz was formerly a business man of Chicago, spending part of his summers here with his wife and visiting her parents, the late Mr. and Mrs. John Curran. Several years ago, owing to Mr. Schwartz's business interests here, they moved from Chicago to this city.

No arrangements concerning the burial have been learned, but it is quite probable that it will be made in Michigan City, Mr. Schwartz's early home.

Much sympathy goes out to the bereaved wife, so far from her own family and facing the sad return trip.

DEATHS

ALESHIRE.

Joseph Aleshire, aged 67 years, died Thursday evening at five o'clock at the Infirmary. The body was removed to the home of the sister, Mrs. Tom Merritt, on South Sycamore St., where funeral services will be held Saturday afternoon at two o'clock. Mr. Aleshire is survived by a son, Earl, in Columbus, and daughter, Mrs. Marjorie Baker in Springfield.

FANCY HAMPSHIRE AT PUBLIC AUCTION WILL DRAW MANY

Preparations are going forward for the Fayette Hampshire Breeders' Association Sale at the Fayette County Fair grounds on Monday, August 2. The sale is attracting widespread attention and will be attended by Hampshire breeders from all over Fayette and surrounding counties, and in fact from several states.

One of the features of the sale will be the collection of brood sows which are thought to be the best of their kind ever offered by local breeders and ever offered anywhere in the state.

The sale will start promptly at

twelve o'clock, it is announced by Willard Bitzer, who is in charge of arrangements.

MIDLAND MOTOR CO. HAS NEW MANAGER

With the change of the Hudson—Essex—Cole Agency on Market street to the Midland Motor Company, W. E. Hastings, an auto salesman of extensive experience has taken charge in the capacity of manager.

Mr. Hastings was formerly of Hillsboro but has been connected with one of the leading motor car companies in the east as a salesman in the wholesale department.

Under the new management the agency will continue to handle the same cars, the Franklin, Hudson, Essex, Cole and Auburn, and also

the White Truck. A complete store of parts will also be handled and in order to render efficient service the repair department will be given special attention.

IS RECOVERING FROM SERIOUS FALL

Frank Gault, a carpenter who fell from a scaffold on the Dr. G. S. Hodson barn Tuesday afternoon and who was believed seriously injured at that time, is slowly recovering at his home on Gregg street, where he will be confined for several days.

Mr. Gault struck on his head and shoulders and received painful injuries which will keep him from his work for several days.

Farm and Road Machinery
Demonstration Certain to
Attract Big Throngs.

Merchants Arrange Sales to
Make it Profitable Visit
For the Housewives.

In connection with the great motorized farm equipment demonstration to be held on the Howat farm just outside this city on the Greenfield pike next Tuesday the merchants of Washington, realizing the importance of the event and the prominence which it brings to the city all over the south central part of Ohio, are arranging a salesday for the crowds which will attend.

Although the time is short arrangements have necessarily been hurriedly made and not as extensive as might be planned if time permitted.

The merchants in all lines of business are going to make it profitable as well as interesting for the house wife to accompany her husband to the demonstration. She can go shopping while the men attend the farm machinery show if she desires and be profitably employing her time seeking among the merchandise offerings.

The announcement that the demonstration is to be held in this city in a district easily accessible to people from all over south-central Ohio has created great interest and it is expected that from early in the morning until evening throngs of people will visit the city.

Other features are being arranged for the event and it is announced that in addition to the list of machinery which was first given out the demonstration will include road graders, road scrapers and a rock crusher and machinery of special interest in highway construction work, which is being given special notice all over the country. The road building program being adopted by many counties has aroused the interest of every citizen.

Another machine on the grounds will be a motorized farm ditcher, a recent designed model claimed to be entirely practical.

An accommodation to the visitors will be the lunch and refreshments

served on the grounds all day by the Imperial Degree Staff of the I. O. O. F. Acceptance of the invitation extended by the Young Men's Christian Association to the Ford Motor Company to hold its banquet at seven o'clock in the evening at the Y. M. C. A. building has been made. More than one hundred Ford agents from southern Ohio will attend the banquet. Catering will be in charge of Mrs. Charles Severs and Mrs. Evans. Officials of the Ford Motor Company of Detroit will have the affair in charge and will personally oversee the setting up of the several car loads of machinery on the Howat farm.

SATURDAY

Saturday afternoon and night at the Palace Theater the last presentation of the Climax Compression Inner tube demonstration in this city, in which many local people took part, will be shown. Go and see if your picture is in the crowd. It is creating considerable local interest. Hitchcock & Dalbey are selling stock in the Climax Co. For each \$500 you get four shares of 7 percent preferred stock and one share of common stock. Investigate and get in on the ground floor.

REAL RUMANIAN GYPSIES HERE

A band of genuine Rumanian gypsies stopped in this city Friday noon, and were traveling by automobiles, Hudsons and Cadillacs, while the entire bunch of nomads appear very prosperous.

The women piled their usual trade of fortune telling in this city, but long experience with the bands of rovers resulted in few being taken in by the so-called fortune tellers.

Leaving this city the bunch headed toward Dayton, and, according to one of the group, they will spend some time south of there where others of the same tribe will assemble in September.

MEADOWS FUNERAL SATURDAY MORNING

Funeral services for Elmer Meadows, former resident of this city who was fatally injured Wednesday afternoon in a motorcycle accident and died a few hours afterwards in the Springfield City Hospital, will be held at the home of the grandparents, Mr. and Mrs. Henry Martz on Mulberry Avenue, Saturday afternoon at two o'clock. Rev. Leath will officiate and burial will be made in Washington cemetery.

The body arrived over the D. T. & I. shortly after seven o'clock Thursday evening and was taken to the Martz home where it has been viewed by the many friends.

NEW CONCERN HAS 22 WORKMEN

The Washington Metal Products Company, which recently opened a foundry business in the plant formerly used by the stove company, is now employing 22 persons and has room for nearly as many more as quickly as they can be secured.

A number of local men are at work with the firm and a few new local men inexperienced, will be added as soon as some experienced help can be obtained.

Springfield foundrymen who recently visited the plant were very favorably impressed with equipment and out look.

New business has been added that will keep the firm busy for an indefinite period.

MARKS WILL PITCH AGAINST CLINTONS

Carl Noon, business manager of the Washington Athletics announced positively Thursday morning that Sammy Marks of Frankfort, who has been curving then over for the Bainbridge club, will pitch against the Wilmington Clintons at Sunnyside Park next Sunday.

Marks last appearance here was against the Potters Tramps of Cincinnati and he shut them out with 7 scattered bingles. He is being brought back in the hope of assisting the locals to a victory over the Clintons who have twice defeated the Athletics this season.

NO OPEN MUFFLERS IN NEW HOLLAND

RAINBOW VETS OF M COMPANY FORM CHAPTER

Veterans of M Company Elect Officers and Complete Organization of Fayette Rainbow Chapter.

Luncheon and Smoker Enjoyed at Memorial Hall, Following Business Session.

Veterans of the 42nd or Rainbow Division, of Fayette county, former members of M Company 166th Infantry, gathered at Memorial Hall Thursday evening and completed the formation of a Rainbow Chapter, elected officers, and enjoyed a smoker and banquet.

Officers elected to head the Fayette County Rainbow Chapter are: Harold McLean, Post Commander; W. B. Hyer, Vice-Commander; Hughey Backenstoe, Secretary and Treasurer. An Executive Committee was also chosen of the following members: Frank Willis, Smith Mace, Otto Lee, George Tillis, Forest Smith.

It is the purpose of the Fayette Chapter to affiliate with the State and National Organizations at a later date.

Following the business session the men adjourned to the third floor of the hall where a luncheon had been prepared by some of the veterans themselves. Here, on the anniversary of the battle of Oreg, the men recounted the happenings of that day when M Company lost the major portion of its men.

Over the delicious viands and the unlimited supply of "smokes" the men recalled reminiscences of that event and the old comradeship made in the trenches of France was brought forth and more firmly welded.

The men felt indebted to the catering committee composed of W. B. Hyer, Harold McLean, Hughey Backenstoe, and Frank Willis.

Before adjournment action was taken setting the date for the next meeting of the chapter on the evening of October 12th at Memorial Hall. It will be the anniversary of entrance of the Rainbow into the Argonne Forest, another bloody battle in which M Company rendered distinguished service.

All former M Company men will be forwarded invitations and the affair is to be made complete in every detail.

It is announced by the officers of the Chapter that all M Company men who were not present may join the organization by declaring their intention to Harold McLean, Post Commander, at the Peoples and Drivers Bank.

DISCUSSING WARREN'S CHANCES

Loren Harding (left) and Amos Harding.

FRENCH CHAMPION APPEARS ON SCREEN TO BENEFIT LEGION

After viewing a private showing of "The Wonder Man," starring Georges Carpentier, the heavyweight champion prizefighter of Europe at the Palace Theater Thursday, arrangements were made immediately by the officers of the American Legion, Paul H. Hughey Post, and Manager R. J. McLean to have the film shown in this city on August 10-11-12, part of the proceeds to be given to the Legion.

While never appearing before on the screen the French Idol took to the silent drama as though he were a finished actor and the play was written especially for him. It is called the "Wonder Man" for the opportunity which it affords the French champion to display his versatile talents outside of the ring.

The story depicted is one of the reconstruction period following the war and the scenes center around the club and social life of Washington City. It is a master drama.

Carpentier's ring mastery is given fullplay once in the picture when he put the K. O. on one of his opponents in four rounds.

SCHOOL TEACHER PRAISES DRECO

Mrs. Wilson writes strong letter for publication telling what the great remedy has done for her.

Suffered pains over her kidneys constantly; only easy while lying on her back but now is strong and well.

Mrs. Louise Marie Wilson, of 272 South Paint St., Chillicothe, O., a well known and highly esteemed teacher in the public schools, writes the following letter, which should be of interest to every sick and suffering person in this vicinity. She says:

"I have suffered for forty years from kidney trouble caused by falling backwards into a cellar eight feet deep, which bruised and tore loose one of my kidneys which never healed. I suffered continually with pains in my back and hips, especially when on my feet. The only ease I ever had was while lying on my back. I have taken a great many remedies trying to over come my troubles but without success.

"Upon reading the statements as to what Dreco had done I began trying, it, and it is remarkable what Dreco has done for me. I am entirely free from pain over my kidneys; my whole system has been strengthened, I feel better than in many years. I will be glad to tell any one more about this grand medicine, Dreco."

Dreco is a safe, sure, harmless remedy made from Nature's roots, herbs, barks and leaves, which encourages a more healthy kidney action, regulates the bowels, builds vitality, acts on the digestive organs and rouses a sluggish liver to complete action.

All good druggists now sell Dreco and it is highly recommended in Washington C. H., by Frank Christopher.—Advt.

PLEASED SON AND IS ASTONISHED

Says She Can Never Praise Tanlac Enough For Good It Has Done Her.

"I am just delighted with Tanlac for the wonderful good it has done me," said Mrs. Mary Barnhardt, 537 Jarvis street, Toledo, Ohio.
 "For ten years I had suffered from stomach trouble and rheumatism. I had tried many different medicines during this time, but had never found anything to give me more than passing relief until I started taking Tanlac. I kept getting worse and for the past year had become so badly run-down and weak I could barely get around. I had to confine myself to the lightest diets, but even those would sour and upset my stomach. I was in pain nearly all the time from rheumatism in my arms, shoulders and hands, and my fingers became so badly drawn and twisted I could hardly use my hands. I was extremely nervous and could get but little sleep, sometimes lying awake all night long unable to sleep a wink. I would insist on trying to do my house work. But every time I exerted myself I was confined to my bed for two or three days afterwards.
 "I was just on the point of giving up entirely when my son brought home a bottle of Tanlac and insisted on my trying it, as he said a man he worked with had taken it and spoke so highly of it he believed it would do me good. Well, sir, in a short while I commenced improving, continuing to do so day by day until today I am a well woman. I have a splendid appetite, everything I eat, even bananas, something I hadn't been able to get in fifteen years, agrees with me perfectly, and the rheumatism has left me entirely. My nerves are in fine condition, I sleep well and can do my housework with the greatest ease. Tanlac surely made life worth something to me again and I will never get through praising it."
 Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Milfordville, E. L. Ford Sons, Lee Ortman, Selden. — Adv.

WEATHER AND CROP REPORT FOR THE WEEK

Columbus, Ohio, July 30.—The weather was unusually favorable both to plant growth and farm work, the percentage of sunshine being large, the rainfall of little or no consequence consisting of light scattered showers on two or three different days, and the temperature slightly below normal except on two days when it was slightly above. In consequence, there was continued improvement in all growing crops and excellent progress was made with harvesting and thrashing grain, haying, etc. The harvesting of winter wheat was practically completed in centrally and well advanced in northern districts and thrashing is now under way in central and has commenced in northern sections. The yield exceeds expectations in some central counties but is disappointing in others. The cultivation of corn is nearly completed and its condition is now excellent; much of it is tasseling in southern counties. Oats continued to improve and are now coloring rapidly, so that harvesting will be general by August 1. There has been some lodging on account of high winds. The barley harvest is well advanced, this crop is only fair. Haying is now very active, a large crop generally of good quality being realized except in some southern counties where the crop is light. Potatoes are good to excellent; digging is underway in central and southern districts. Tobacco is making rapid gains.

The summary of weather and crop conditions in the corn and wheat region for the week ending July 27, 1920 issued from Washington D. C., states that about normal temperature prevailed over the Great Plains States except in the south and north portions where it was somewhat above normal in the Lake Region and the Ohio Valley the temperature averaged below normal. The rainfall was light to moderate generally over the Great Plains, except in some sections where it was heavy. Heavy rains are badly needed in many central districts. The corn needs moisture in much of Missouri, Illinois and the lower Ohio Valley. The rainfall was ample in Iowa, eastern Nebraska, Kansas, and Oklahoma. Corn is in excellent condition in the last named areas and in most of the Ohio Valley and Tennessee. The harvesting of spring wheat was well advanced under favorable conditions. Spring wheat is generally excellent in the northern part of belt but rust propagated by high temperature caused some damage, especially in the southern portion. Fruit, truck crops, sugar beets, beans and stock were most favorably affected. Ranges need rain in the north west; elsewhere they are mostly satisfactory.

Goodyear Mileage—and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30 x 3-, 30 x 3 1/2- and 31 x 4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.
